Dear Ms. Domanog,

We are the group from the Institute of Information and Computing Sciences of University of Santo Tomas. We are currently working on our ICS2609 project and we would like to collaborate with StyledByNice.Home in making a system that will benefit the business. This project will only be used as our final requirement that will help us enhance our skills and we are grateful for helping us devise a system.

In line with this, we are requesting your permission for us to build a system that meets the requirements of the business and your approval for the mockup design of the system.

We are hoping for your kind consideration and approval regarding this matter.

Thank you very much and God Bless!

Sincerely Yours,

Franz Matthew Salomon
